37) For appointment of probationers in the Public Health Department, medical graduates of Backward Classes are not coming forward though they are available in good number. They want to join the Medical Department, but the number of probationerships available in that department is reported to be very limited, and further, preference has to be shown to the War Service personnel. In another file, it has been proposed to call for applications for probationers in the Medical Department and it has been ordered on the applications of similar Non-brahmin Graduates that they

should take their chance when applications are duly called for. Mr. Murugendrappa has also to take his chance along with them. The cases of the four persons proposed in this file stand on a different footing altogether. They are already in service working as Sub Assistant Surgeons and in view of their having secured M.B.B.S., as service men the Senior Surgeon recommended their appointment as temporary probationers pending selection of probationers by advertisement. As a result of the Graduates of the Backward Classes being unwilling to join the Public Health Department, a number of probationerships in the Public Health Department reserved for the Backward Classes are being given away to the Brahmin Graduates. If Mr. Murugendrappa is willing, he may be appointed as Health Probationer; otherwise, his case has to be considered by the Selection Committee along with other applicants when applications are called for for medical probationerships.

Messrs.S.Narayana Setty, A.C.Shankara Iyer, D.R.Manjappa and B.Venkatasubba Rao have already left India and the posting of an additional hand to the McGann Hospital, Shimoga and an officer to the charge of the Local Fund Hospital, Thirthahalli to relieve Capt. Anandalwar is urgently called for. Six Medical Probationers have, therefore, to be immediately recruited. Besides, the deputations of 9 Medical Officers whose names are noted in the margin have been sanctioned, and arrangements have to be made for their relief when seats are secured for them in foreign Universities. The total number of vacancies available for appointment therefore comes to 15. I request that permission be granted to recruit 15 Medical Probationers purely on a temporary basis, the vacancies being advertised through the Public Service Commissioner as usual. I also request that a Committee be constituted to select suitable candidates as was done on previous occasions.

1. Mr.S.V.Govinda Setty
2. " M.A.Hafeez
3. " S.Ramachandra
4. " K.S.Shadaksharappa
5. " M.Guru Das
6. " D.A.Lakshmana Rao
7. " V.Ramachandra Naidu
8. " Charles D'Souza
9. " M.Basavaraj Urs.

The publication of the vacancies in the Gazette and the selection of candidates necessarily involves some delay. As there is urgent need for the appointment of at least 2 or 3 Medical Probationers, I recommend that Messrs.B.S.Venkataramana Setty and B.Hanumaiah, Sub Assistant Surgeons who have passed the M.B.B.S., examination of the Mysore University and who belong to backward communities may be appointed as temporary Medical Probationers. The applications of Messrs.B.Hanumaiah and B.S.Venkataramana Setty for the post of Medical Probationers are herewith submitted. Both these candidates were appointed as Sub Assistant Surgeons in 1942 and they subsequently underwent studies for the M.B.B.S., in the Medical College, Mysore passed the final examination in December 1946. They are hard working and intelligent young men deserving of special consideration.

Sir,

I beg to state that I am a Mysorean by birth and I am now employed as Sub Assistant Surgeon in Victoria Hospital, Bangalore. I entered the Medical School in 1937 and completed the L.M.P. Diploma in 1941. During my second year, I was in receipt of Anatomy prize. After completing the course of studies in school in 1941 I was appointed as paid Assistant House Surgeon and later I was appointed as Sub Assistant Surgeon in 1942 in Mysore Medical Department. I have rendered service under A.R.P. Scheme for a period of over one year in Bangalore during the period of War.

With the kind permission and benign help offered to me by the Department, I entered the Mysore Medical College in the year 1943 and completed the M.B.B.S. Course within a minimum period of 3½ years prescribed for Licentiates. I am ever grateful for the kind help by way of granting me necessary leave required for covering the period of my studies. After qualifying I am anxious to continue to serve the Government and the Department. I, therefore, request you kindly to recommend my case to the benign Government for my absorption in the Gazetted cadre for which post I am now qualified. I understand that under the revised grades, recently sanctioned by the Government, Medical Graduates are recruited on probation for one year on a pay of Rs.100/- and I, therefore, request that I may be entertained as a Probationer in any of the available vacancies in the Department. So far as I am aware, the community to which I belong viz., Vokkaliga, has not had adequate representation in the Medical Department and I am the fourth or fifth Medical Graduate of my community to pass out of the Mysore Medical College.

In view of these facts and in consideration of services already rendered by me as Sub Assistant Surgeon, I request that my claims for an appointment to the Gazetted rank may be given special consideration. If there are no vacancies in the Gazetted rank at present, I pray that I may be taken atleast as a supernumerary hand in the cadre of Assistant Surgeons.

I beg to remain,
Sir,

Mr. Venkataramana Setty, who recently completed the M.B.B.S.Course, is known to me for more than three years. He was selected for the graduate course after the completion of L.M.P. purely on the basis of merit. As a student, he was far above the average. For some months he worked in my Department as an assistant in the laboratory, when I found him to be trustworthy and conscientious. I learn that he has done well in the Final Examination. I wish him all success in his future career.

Sir,

Sub: Appointment of Medl Br.

In continuation of my letter No.G.C.384 dated the 1st May 1947 furnishing details of the vacancies available in the cadre of Medical Probationers and recommending the appointment of Messrs.B.S.Venkataramana Setty and B.Hanumaiah, Sub Assistant Surgeons(who have passed the M.B.B.S. examination) as Medical Probationers, I have the honour to bring to the notice of Government that there are two more Sub Assistant Surgeons who have obtained the M.B.B.S., degree of the Mysore University and who are eligible for appointment as Medical Probationers. One of them is Mr.B.Kantharaju who entered service as a Sub Assistant Surgeon in April 1942 and passed the final M.B.B.S., examination held in April 1947. He belongs to a backward community and happens to be the son of a retired Sub Assistant Surgeon. The other is one Mr.P.A.Rama Rao (brahmin) who passed the final M.B.B.S., examination held in December 1945. He entered service as a Sub Assistant Surgeon in December 1939 and is still continuing in the cadre of Sub Assistant Surgeons. He passed the final M.B.B.S., with distinction having obtained the Armugam Medal (for having obtained the highest marks) and won the first prize in medicine. I am of opinion that the claims of these two candidates deserve favourable consideration. I recommend that Messrs.B.Kantharaju and P.A.Rama Rao may be appointed as temporary Medical Probationers against the available vacancies.
